

Telgorithm® Referral Program

We truly believe we have the best customers, and good people know good people.

If you know other companies currently sending high volumes of SMS/MMS messages that could benefit from our services and make a warm intro to the Telgorithm team, we will either:

- Reduce your next monthly bill by \$500, or
- Provide you personally with a \$300 Visa gift card.

The only contingency is that they do indeed need to be sending SMS/MMS messages and are leveraging an API provider. If any of your referrals sign and activate with Telgorithm, we will provide an additional kickback. 😎

Reach out to team@telgorithm.com for more information or next steps.
